

Cub Scout Pack Summertime Fun!

Kick off your summer in style with a special pack fishing activity! Fishing is one of the most popular youth activities and an excellent way to recruit new scouts while retaining the ones you have.

Let's make the most of the summer break by getting outdoors, staying active, and building bonds that will last a lifetime.

BSA Angling Educator Course: Learn everything you need to know to plan and run a successful fishing event for your pack. This 4-hour course is designed for Scouters and Scouts BSA youth (15 years old and older). Whether you are new to fishing or just need a refresher, this course will equip you with the skills and knowledge to be successful quickly.

Benefits of the Course:

- Gain the expertise to teach Cubs and Scouts how to fish.
- Learn how to host engaging and memorable fishing events for your pack.
- Enhance your scouting experience with this valuable skill set.

Book a session with a Certified Angling Instructor (CAI) and receive the following:

- BSA Angling Educator Training Course (AE) for cubmaster, den leaders, and interested Scouters (4-hour course). Class participants will receive a patch upon completion of the course.
- 1 hour session of Backyard Bass casting game and additional fishing activities for your pack following the AE training class. Newly trained AE's will assist with the event, ensuring a fun and educational experience for all.

Don't miss out on this incredible opportunity to enrich your Cub Scout Pack's summer experience!
